

“Welcome to Our Village, Music is our Language!”

During music class at Lakeforest all students will have many opportunities to create and perform! Music is a great way to reinforce concepts from the regular classroom and I look forward to helping students make these connections as we work together each week! We will play a variety of instruments that help refine fine motor skills as well as learn the importance of teamwork and respect through group activities. Please feel free to contact me at any time throughout the year and please visit the Lakeforest Music Webpage for announcements and updates! Thank you for your support!
